

JOB DESCRIPTION & AD: Lead Developer & Project Manager

Job Title: Lead Developer & Project Manager
Location: Los Angeles, California
Start Date: Immediately
Apply: Send whatever you think represents you the best - cover letters, resumes, stories, case studies, photos and/or work products – to jobs@socialreality.com

Company Description

Social Reality is a fast growing advertising technology company. Social Reality's businesses, GroupAd and the Social Reality Ad Exchange - SRAX, connects advertisers with audiences across the whole spectrum of digital media. If you're interested in working at the intersection of media, web publishing, advertising and technology at a fast, fun and energetic company, then Social Reality is the right place for you.

We're renegades and rebels and we believe that success is nothing short of doing the impossible.

Candidate Description

We only hire rock super stars. If you're not awesome, we're not interested.

This is what awesome means:

- You're the best at what you do. You've never met anyone better. And you'd bet your life on that.
- You excel at stuff outside of work. You might run marathons, volunteer like crazy, ride a motorcycle cross country, free dive, sky dive, write novels, beat video games in a single sitting, and generally be smart, motivated and driven. But you don't sacrifice work for lifestyle. You love your work so your work is supreme.
- You're fun to be around. You're interesting. You've done some really cool stuff and you like talking about it.

Job Description

This person will be working with a team of ten developers to pseudocode, collaborate, and review code. This person is responsible for the quality of code and product, and roadmap schedule. Will collaborate with developers, product managers, QA and business development to ensure product is delivered on time with high quality.

Qualifications

- ✓ Must be proficient with all aspects of LAMP platforms (e.g. PHP MVCs, stored procedures, etc).
- ✓ Must be organized and proficient with code review processes in a SCRUM / Agile / Kaban process
- ✓ Prefer knowledge of advertising technology platforms or ad servers
- ✓ Prefer knowledge of RTB protocols, V-PAID, VAST, JavaScript and iFrame ad integrations
- ✓ Prefer knowledge of DSP APIs
